SATURDAY NIGHT'S HOLDUP.

As Mr. Jos. Figg was returning to his home, on Saturday night, about 9 o'clock, he was struck in the back of the head by a slung shot, wielded by two supposed to be negro thugs.

Mr. Figg was unaware that any one was near until he was struck. He cried out for assistance, although partially dazed, and the robbers became frightened and ran off before succeeding in getting Mr. Figg's wallet, which they were searching for when his cries frightened them.

The thieves made the assault on him on Steele street, in front of the residence of Mrs. Virginia Duvall, where the shadows cast by the heavy foliage makes it very dark.

Some parties who were near by ran to Mr. Figg's assistance, but the thugs had succeeded in getting away.

Mr. Figg had something over \$50 in his wallet, which must have been known to the thieves.

The new Pure Food and Drug Law will mark it on the label of every Cough Cure containing Opium, Chloroform, or any other stupefying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it. All dealers.

MEETING CLOSED—BAPTIZING THIS AFTERNOON.

The two weeks protracted meeting, which was held at Bethel Baptist Church, this county, closed last night.

There was fine interest developed and quite a large number of persons were added to the membership.

Rev. John H. Burdin, the earnest and devoted pastor, did all the preaching.

Nine of the new converts will be baptized this afternoon at 3 o'clock in the First Baptist Church of this city.

Preventives, as the name implies, prevent all Colds and Grippe when "taken at the sneeze stage." Preventives are toothsome candy tablets. Preventives dissipate all colds quickly, and taken early, when you first feel that a cold is coming, they check and prevent them. Preventives are thoroughly safe for children, and as effective for adults. Sold and recommended in 5 cent and 25 cent boxes by all dealers.

UNUSUAL THINGS.

On Monday, a gentleman reported to us that the cherry trees in his section of the county were in bloom.

At the residence of Mrs. Kate M. Williams, on High View, the lilac bushes are in bloom.

Frankfort is noted for its beautiful women with their clear complexions and rosy cheeks. This is because they all use Father William's Indian Tea or Herb Tablets. They are deservedly popular. Only 20c. a box. They are sold under a guarantee by Frankfort Drug Co., Druggists.

[Written for the Roundabout.] IN SWEETEST MEMORY.

Born March 24, 1855, John Holton Bowen, Died Oct. 30, 1906.

No longer bound by ties of birth, Thy winged spirit free as air; Has gone beyond these cares of earth, To dwell in mansion's fair.

Despite the heartaches and the tears, Thy life had much of peace and rest;

And looking back to happier years, We know that God knew best.

No friend can fill the absent place—As thou once did! We miss thee yet;

But we shall see thee face to face, In time will not forget.

Thy grassy mound keeps green for aye,

The flowers bloom upon the sod; We said farewell, we wept goodbye,

To kiss the chastening rod.

Fresh from my heart I bring these flowers,

None sweeter ever bloom or grew; They'll greet thee in thy waking hours,

So full of love, so true.

KING'S DAUGHTERS MAGNIFICENT WORK.

This city can not be too grateful or too highly appreciate the splendid work done by the King's Daughters, as shown in their management of the King's Daughters Hospital.

The following excerpts are given from the Superintendent's and Treasurer's reports:

The Superintendent's report from January 1, 1905, to November 1, 1906, is as follows:

Number of patients treated.....	142
Number of charity patients.....	57
Number of private patients.....	85
Number of surgical cases.....	18
Number of medical cases.....	91
Number of operative cases.....	23
Number of births.....	6
Number of deaths.....	17

The Treasurer's report of current accounts is as follows:

Balance Jan. 1, 1905.....	\$382.62
Received during 1905.....	2,142.24
Received during 1906.....	3,321.71

Total receipts.....	\$3,846.57
Disbursements for 1905.....	2,422.04
Disbursements for 1906.....	2,914.70

Total.....	\$5,336.74
Balance Nov. 1, 1906.....	\$509.93

As we believed, when the building was originally erected, it has already proven too small, and measures will have to be taken to erect an addition to their beautiful building at once.

COURT DAY SALES OF REAL ESTATE.

Commissioner W. H. Posey made the following sales of real estate, on Monday last:

Three tracts of land belonging to the estate of G. W. Hall to R. D. Armstrong for \$6,000, \$1,000 and \$1,000.

The old Egbert place, on the river, below Taylorsville, for \$1,800, to August Luscher.

A house and lot at Hoge Station, to Mary Belle Patterson, for \$290.

A tract of land on Sulphur Branch to Mr. Dan Bailey for \$247.50.

A small house and lot on Shelby street to Mr. N. B. Smith for \$510.

A number of houses and lots were sold for city taxes at nominal sums, just enough to cover the taxes and costs of sale.

NOMINEES OF DEMOCRATIC PRIMARY.

The following gentlemen were selected as the nominees of the Democratic party for the regular election in 1907, at the primary election held on Tuesday last:

Governor—S. W. HAGER, of Boyd county.

Lieut. Governor—SOUTH TRIMBLE, of Franklin county.

Auditor—HENRY M. BOSWORTH, of Fayette county.

Treasurer—RUBY LAFON, of Hopkins county.

Attorney General—JOHN K. HENDRICK, of McCracken county.

Secretary of State—HUBERT REELAND, of Jefferson county.

Superintendent of Public Instruction—E. A. GULLION, of Carroll county.

Commissioner of Agriculture, J. W. NEWMAN, of Woodford county.

It was one of the bitterest and most hotly contested fights ever seen in this State.

RESOLUTIONS OF RESPECT.

At the regular meeting of Joseph H. Lewis Chapter, U. D. C., these resolutions were offered, and recorded upon the minutes of the Chapter:

Whereas, in the Providence of God, Death's messenger has called our friend and brother, Capt. Samuel A. Fogg, from this life to a home beyond; be it

Resolved, That in the death of Capt. Fogg, the Orphan Brigade has lost a cherished member and our Chapter a sincere friend and comrade.

The Lost Cause a faithful defender and the community, at large, a kind, friendly spirit.

Resolved, That a copy of these resolutions be published in the Frankfort Roundabout, The Kentucky Journal and "The Call," also to be spread upon the minutes of the Chapter. A letter of condolence to be sent to the family of the deceased brother.

MRS. WALLER H. LEWIS,
MRS. NELLY STEADMAN COX,
Committee.

FORTUNATE MISSOURIANS.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Grayville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong to-day. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Sorest Cough and Cold cure and Throat and Lung healer. Guaranteed by all druggists. 50c and \$1. Trial bottle free.

[For the Roundabout.] LEWIS COAT OF ARMS.

The coat of arms of the Lewis family, which appeared in the souvenir volume of the Lewis Congress, held at Bel Air, Spotsylvania county, Va., were those of the Warner Harb Lewis. I hear that one of them, the front piece, is being mistaken for that of the Middlesex Lewises—the Zachary Lewis family. As I am responsible for the drawing and its being used as decoration to a card of invitation, I take this means of correcting an error. The real Zachary Lewis arms is, I believe, in the possession of Mr. C. Harper Anderson, of Ivy Depot, Virginia.

DON'T BE A KNOCKER.

"If your neighbor is prosperous, let him prosper. Don't grunt, growl or grumble. Say a good word for him and let it go at that.

Don't be a knocker.

No one man is the whole show. If you see the city moving along nicely, feel good about it.

Help things along. Shove a little. Push. Try and get some of the benefit yourself.

Don't waste your time feeling sore because some fellow has a little more sand and sense than you have. Do a little hustling yourself.

Don't be a knocker.

If you can say a good word, say it like a prince. If you are full of bile and disposed to say something mean, keep your mouth shut.

Don't be a knocker.

No man ever got rich or happy minding everybody's business but his own. No man ever helped himself permanently by knocking his neighbor down. Give up a kind word; give it liberally. It won't cost you a cent, and you may want one yourself some day. Some had thousands one year and the next year they were without the price of a shave.

So don't be a knocker. You can't afford it. It won't pay. There is nothing in it. If you want to throw something at somebody, throw a good word or a piece of money. Don't throw bricks at mud.

Don't be a knocker. You will get there just the same.—Exchange.

A REMARKABLE COINCIDENCE.

On the 21st day of October, in Lexington, Virginia, the 150th anniversary of "Timber Ridge" Presbyterian Church was celebrated. The Rev. John Brown, great-grandfather of the Brown family of this city was the first Pastor of this church.

On the same day (21st of October) in the city of New York the 150th anniversary of The Scotch Presbyterian Church was celebrated. The Rev. John Mason, great-grandfather of the Brown family of this city, was the first Pastor of this church. The celebration of these anniversaries on the same day is a remarkable coincidence, and most interesting to the descendants of the two distinguished ministers.

KING'S DAUGHTERS.

Delegates to the King's Daughters Convention at Louisville this week are: Mrs. Nellie S. Cox, County Secretary, who will give a talk on "The Help of King's Daughters in a Neighborhood." Mrs. Albert Jeffers, Mrs. Mrs. South Trimble, Miss Daisy Hockinsmith and Miss Carrie Brock, who is to read a report of the Forks of Elkhorn Circle. Miss Nellie Hockinsmith, who will read the report of the Steadmantown Circle.

DEPUTY COLLECTORS UNDER CIVIL SERVICE.

By a recent order from President Roosevelt all deputy collectors of internal revenue have been placed under the Civil Service.

We think this is a grave mistake. Collectors are held responsible for their deputies and should have the appointment thereof.

LOSES ANOTHER HORSE.

As Mr. A. Duane Brown was riding up Main street, on Wednesday afternoon, his horse fell and died in its tracks. This makes the fifth horse that Mr. Brown has lost in the last year.

Mr. John Woods is building a little cottage on Pea Ridge pike.

Mr. Mandless Woods has moved to Frankfort to live.

There will soon be a wedding on Pea Ridge. Guess who it is.
FANSY BLOSSOM.

NEBRASKA SOAP MOUNTAIN.

R. H. Mitchell, a ranchman at Beiden, Neb., has discovered a small mountain of soap near Savage. The hill, which Mitchell calls "Soap Hill," is composed of a fine and very white sand, which, when mixed with water, greatly resembles sapollo. The people of the vicinity have been making good use of the natural sapollo, according to Mr. Mitchell, who says that it has been carted away by the wagonload for the scrub-

bing of farmhouse floors, polishing of metal and earthenware, and even as a toilet soap for the hands. Mr. Mitchell was in Sioux City recently, bringing a sample of the sand here for analysis.—Des Moines Register.

DANGER IN CORN FEEDING.

The lack of care in the use of corn is the cause of considerable loss in sheep feeding. Unbroken corn is difficult for any animal to digest and should be fed with moderation and especially so in the beginning until the animal becomes accustomed to the feed. Otherwise sheep and especially lambs will overload their stomachs with hard corn, a large part of which will be unbroken, which will swell and shortly cause death. The stomach of the lamb is not accustomed to this feed and will fail to digest it. It is always best to mix corn with oats, bran or other light grain if it is to be fed in the kernel.

THREE WEDDING HINTS.

Don't impoverish your family by insisting on an extravagant wedding. The show lasts but a short time; the poverty sometimes consequent upon it remains. Don't invite everybody you ever heard of in order to get presents. Every present is a mortgage on your future income. Down to the third generation you will have to pay present for present.

Unless you are to go much in society, choose your gown for its usefulness. Think of the wedding gowns you have seen that have cost no end of money and been worn only once, possibly twice.

USE COLD WATER.

When anything burns on stove, vegetable, meat or sauce, fill a basin with cold water and set dish and food into the pan of water for several moments. Then take food out and put in dish and place back on stove, being careful not to take any of the burned part.

CONCERNING WOMEN.

According to Austrian newspapers the Crown Princess of Montenegro is ruining her country by her extravagant love for diamonds. The Crown Prince lavishes them upon her, the King is said to encourage it and the result is heavy taxation.

A woman who is proprietress of a little fried fish shop in London is the aunt of a South African millionaire who, it is said, has offered her large money inducements to sell her business and retire. She is decidedly independent and refuses to give up her fried fish even for the sake of comparative wealth.

An open marriage market takes place at Berlad, Roumania, each May. Many women in poor circumstances bring their daughters to the market place to find suitors. Would be husbands have to satisfy the girl's guardians that they are in a position to keep a wife, and occasionally have to guarantee their good faith by a present of money to the mothers of their brides-elect.

TOO MUCH LICENSE.

In this country too much license is given to the anarchists. The red flag is waved aloft frequently in the streets of American cities. Meetings of radical agitators are permitted. The police stand by and listen to the speeches of men and women whose message is that of death and destruction, thinly veiled to meet the superficial requirements of the law. The United States should never cease to blush for the fact that from these shores went forth the man who slew the late King of Italy. The crime at Madrid ought to stimulate the authorities on this side of the Atlantic, as well as those of Europe, to a determined effort to clean out the fountains of anarchism.—Washington Star.

Dr. Weaver's Treatment.

Syrup purifies the blood, Cures the skin eruptions.

OFF FOR PANAMA.

President Roosevelt left Washington City, on Thursday, en route to Panama, where he will make a thorough investigation of the Canal, its present state of progress, its needs and the general condition of affairs on the Isthmus. He does this so that he may be fully posted when making his recommendations to Congress at its session next month.

MARRIAGE FAILURES.

The professional humorists who for years have been turning out jokes about the business rating of fashionable brides and bridegrooms should try a new turn, says the New York World. Nowadays divorce proceedings get mixed up with the financial news and stockmarket reports. Dun and Bradstreet may soon have to issue lists of marriage failures with the terms, how much on the dollar, the husband expects to pay the first wife before resuming business with a new partner.

NARROW ESCAPE FROM SERIOUS ACCIDENT

While Mrs. Bessie Keyes was lighting a candle, at her home on Wapping street, on Sunday evening, the sleeves of her dress caught fire and the flames quickly spread to her dress.

Mrs. Jennie T. Cardwell, a cousin of Mrs. Keyes, who was calling at the house at the time, heard the screams of Mrs. Keyes and her little daughter, Minnie and ran up to the room, where the three succeeded in extinguishing the blaze.

Strange to say Mrs. Keyes was not burned at all; Mrs. Cardwell's hands were considerably blistered, and little Miss Minnie Keyes' left arm and hair were scorched considerably, she having pluckily tried to put out the blaze on her mother's clothes and thus ignited her own.

For a time, you can rely upon it, that "there was something doing."

We congratulate these good people all around that no more damage was done and they escaped with their lives.

LEG BROKEN.

Mr. John Whitehead, fireman at Kenney Bros. sawmill, was so unfortunate as to fall down the steps at his home, on the corner of Broadway and Wilkinson streets, on Monday, breaking his right leg near the hip.

Surgical attention was rendered at once. It is a very serious injury.

Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

Scott's Emulsion of Cod Liver Oil

It will nourish and strengthen the body when milk and cream fail to do it. Scott's Emulsion is always the same; always palatable and always beneficial where the body is wasting from any cause, either in children or adults.

We will send you a sample free.

Be sure that this picture is on the wrapper of every bottle of Emulsion you buy.

Heart Trouble Baffled Doctors.

Dr. Miles' Heart Cure and Nervine Cured Me.

There is nothing more necessary to health than sleep and rest. If these are denied you, if you rise in the morning more tired than when you went to bed, there is an affection of the nerves plainly present. If your heart is weak, or there is an inherited tendency in that direction, your weakened nerves will soon affect your heart's action as to bring on serious chronic trouble. Dr. Miles' Nervine is a nerve tonic, which quickens the nerves, so that after many years, it quickly restores the weakened nerve to health and strength. Dr. Miles' Heart Cure is a great blood and heart tonic which regulates the action of the heart, enriches the blood and improves the circulation.

"Some time ago I was suffering severely with heart trouble. At times my heart would seem to stop beating and at others it would beat loudly and very fast. Three to four hours each night in ten months was all I could get. One week in last September I never closed my eyes. I got Dr. Miles' Nervine and Heart Cure at a drug store in Lawrenceburg, after spending \$300.00 in medicines and doctors in Louisville, Shelbyville, Frankfort, Cincinnati and Lawrenceburg, and in three days have derived more benefit from the use of your remedies than I got from all the doctors and their medicines. I think everybody ought to know of the marvelous power contained in your remedies."
— W. H. HIGGINS, Fox Creek, Ky.

COUNTY COURT DAY.

Monday last was county court day, and brought out the largest crowd of the season. The streets were packed full of men, vehicles, stock, etc.

There were several bunches of nice young cattle that brought excellent prices. Cows and calves ruled lower. Sheep sold high. There were not many good horses on the market, with an abundance of plugs and worn out scrubs. Good horses were high, while common brought good prices. Mules were fairly abundant and brought skyward prices, several sucking mules running from \$75.50 to \$100. Work mules ran from \$100 to \$165.

The crowd remained until late and seemed loth to leave even when the shades of evening commenced to fall.

FOILED.

A convict by the name of William Gill, sent up from Boyle county for manslaughter and robbery, slipped away from his post, as waiter in the dining room at the prison, on Monday, and secreted himself under the floor of the sanding room in the chair factory. He was quickly missed and search made, and, upon a threat being made to shoot into the hole where he was, brought him out.

It is thought the absence of so many of the regular guards caused him to make the attempt to get away.

INSPECTED WORK.

Mr. J. B. McAfee, of Philadelphia, Mr. R. T. Gunn, and Mr. Louis A. DesCognet, of Lexington, came over in an auto, on Monday, and inspected the work on the line of the Frankfort & Versailles Traction Co. They also looked over the other property of the company.

PROTRACTED MEETING COMMENCES.

Rev. Wm. Crowe, the able and scholarly pastor of the Southern Presbyterian Church, commenced a protracted meeting in the Southern Presbyterian Church on Wednesday night.

Good audiences are in attendance and great good is expected to flow from the meeting.

The services will continue from night to night for the next ten days.

THE ELECTION.

The regular election in 42 States and Territories was held on Tuesday last.

In a large majority of the States the Republicans were successful and maintained, to a great extent, their phenomenal majorities of last year.

They elected Congressmen enough to continue in control of the House of Representatives by over 50 majority. Speaker Cannon being re-elected by more than 15,000 majority.

In Kentucky the Jockey Republicans gained two Representatives in Congress, and came within a few votes of electing their man in the Covington (Sixth) District.

The following are the Congressmen elected:

First District—Ollie M. James, Dem.

Second District—O. A. Stanley, Dem.

Third District—Addison D. James, Rep. (gain).

Fourth District—Ben Johnson, Dem.

Fifth District—Swager Sherley, Dem.

Sixth District—Jos. L. Rhinock, Dem.

Seventh District—Wm. Preston Kimball, Dem.

Eighth District—Harvey Helm, Dem.

Ninth District—Jos. B. Bennett, Rep.

Tenth District—John W. Langley, Rep. (gain).

Eleventh District—Don C. Edwards, Rep.

ODD SITE FOR WINDOW BOXES.

When Charles Dudley Warner wrote his volume of "Saunterings" he committed himself to a great deal of admiration over the window boxes filled with blooming plants that adorned the facades of business houses abroad and also to the statement that if the same thing was tried here the credit of the firm attempting it would suffer. There is one old business house in the Broadway shopping district that has decided to run that risk apparently, across the front of the second and third stories of its white-fronted building it has arranged two lines of green window boxes filled and hanging over with scarlet geraniums. The

effect is charming and adds not a little to the attraction of the whole front of the shop—New York Sun.

GREATEST OF EXPOSITIONS.

Jamestown Ter-Centennial, Commemorating America's Three Hundredth Anniversary, to be an Elaborate Naval, Military, Historical, Educational and Industrial Celebration.

Of all exhibitions held in the United States since the Philadelphia Centennial in 1876, the Jamestown Ter-Centennial to be held on the shores and waters of Hampton Roads, near the cities of Norfolk, Portsmouth and Newport News, Va., April 26 to November 30, 1907, is to be the most unique, and an originality and novelty will completely eclipse all previous Expositions.

The celebration commemorates the most important event in history—the founding of the first English-speaking settlement in America, at Jamestown, Va., in 1607, where Captain John Smith and a small party of colonists established a village from which has grown America, with nearly one hundred million population. The celebration will show the remarkable position attained by the United States in history and education, together with the marvelous industrial development and commercial expansion during three hundred years. Contemporaneous with the Exposition will be held on the waters of Hampton Roads the greatest naval pageant ever witnessed in the world, in which every type of war vessel from the natives of all foreign nations will participate. Another attractive feature will be the international military encampment in which detachments of troops of European countries will unite with the soldiers of the United States

in a series of drills, maneuvers, parades, etc.

The site of the Exposition is located within twenty minutes' ride of the Tidewater cities of Virginia, reached either by trolley or steamer, and nature has combined with the ingenuity of man in making a beautiful and picturesque spot. The grounds cover more than 400 acres, with two miles of water front facing the greatest waterway in the world, and commands an unsurpassed view of innumerable points of national and historic interest.

The scheme of landscape decoration will be novel and elaborate, one of the attractive features being the oval fence which surrounds the ground. It is made of trumpet vines, trained on meshed wire, intertwined with honeysuckle and crimson rambling roses, the effect being an artistic triumph of flowering beauty.

More than twenty-five exhibit palaces are now nearing completion, comprising Auditorium, Manufacture and Liberal Arts, Mines and Metallurgy, Marine Appliances, Machinery, Food Products, Arts and Crafts, Transportation, Social Economy, etc., in addition to the government and States buildings and pavilions. They will be of semi-permanent construction and in appointments will excel any similar group of buildings ever erected. In architecture they will all be of the colonial period, forming an appropriate setting to the natural beauties of the environment.

Another attractive feature will be the government pleasure pier extending 2,000 feet into Hampton Roads. At either end it will be surmounted with light towers and a working exhibit of wireless telegraphy. The entire structure will be illuminated by thousands of arc and incandescent electric lights, affording an unequalled view of the naval display. Amusements have not been lost sight of, and the "Wapath," covering more than a mile, will offer a diversified class of original novelties.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly attracted attention to the subject. It is, in a considerable measure, resulted in the most intelligent and judicious use of the foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Some time ago, Dr. Pierce, of Buffalo, N. Y., took time by the forelock, as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all having critics and all opposition that might otherwise be urged against his medicines, because they are now or were known compositions. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants and growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Dr. Grover C. of New York, Bartlett, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing ingredients are very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

In assembling the exhibits, especially those representing the varied industries and the liberal art the managers of the Exposition have been careful to select only such as show the latest and best attainments in every line of industry. Hence, it will be the first "selective" Exposition ever held in the United States, in which every phase of commercial and industrial development will be displayed, so arranged and classified that visitors may obtain an intelligent understanding of the history and growth of any specific branch of the trades and industries, without the necessity of visiting other buildings to inspect another part of the same exhibit.

Many reasons combine to make the celebration the most successful ever attempted, and when President Roosevelt touches an electric button, April 29, of next year, signifying the formal opening of the gates, the thousands of visitors will not be disappointed in the wonders and attractions of the Jamestown Ter-Centennial.

BORN—To Mrs. Varena Bourne, Nov. 20th—a son.

We are glad to say that Mrs. C. B. Roberts, who has been very ill, is much better.

Rev. G. W. Hill is assisting Rev. Mr. Mealey, of Pleasant Ridge church, Owen county, in a protracted meeting. There will be no preaching Sunday at the Baptist Church on account of the above fact.

Mr. Robt. Graves has a sadly afflicted family. His wife and two children have had diphtheria, and the youngest has died with that dreaded disease. The remains were buried in the Masonic Cemetery on Sunday.

Mr. Jno. T. Wash, clerk at the Citizens Bank, has resigned to accept a position with another bank at McKinney, Lincoln county.

Mr. C. J. Stringfellow and wife, of Frankfort; Mrs. W. C. Kenney, of Louisville; Mr. Oscar Walker, and wife and Mr. J. T. Kenney and wife, Owen, visited the family of Mr. Tom F. Kenney this week.

A good rain is very much needed (as range to say) just now to help start the newly sown grain. The weather has been clear and cold for more than a week.

Mr. Jno. C. Scharffe, who has been in bad shape for sometime, had a fall, on Saturday, from his porch and broke his arm just below the shoulder. Owing to his great age (86 years) there is great doubt of his recovery.

The revival at the Baptist Church closed on Thursday night with thirty additions. The baptizing took place on Sunday afternoon, at the old Stone mill, on Elkhorn. There was a large attendance at the baptizing.

The following were received by experience and baptism:

Misses Tussie Jackson, Lucy Kavanaugh, Annie Larrison, Pearl C. Offutt, Linda Cohorn, Mollie Cohorn, Lena Carter, Lizzie E. Robinson, Kate B. Robinson, Messrs. Harvey Heath, Booth Perry, Elmer Gregory, John L. Cohorn, R. H. Towles, George Hill, Robert McKibben, William Conway, John H. Tifford, Eugene Adams, Dallas Lee, Earle Lee, Omer Brumback.

Received by letter Mrs. Georgia Bridges, Miss Alice Williamson, Mr. and Mrs. W. B. Arnold, Mr. and Mrs. R. E. Lee, Henry Fish, Albert Fugate, TXNO.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straiten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and purge of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. A perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore much dreaded disease. Those said Rheumatic wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need no actual excuse to suffer longer without help. We sell, and in confidence recommend

H. H. RODMAN AN INTERESTING RACONTEUR.

The writer has not been more highly entertained in years than he was Friday morning when it was his pleasure to hear H. H. Rodman, of Reeves & Rodman, representatives of J. M. Robinson & Co., relate some of his experiences in the mountains of Kentucky on hunting trips. He is a cultured, observing young man and his observations and impressions of this part of our State and its people are interesting indeed. He had much to say in their favor and stoutly maintains that by history and reputation; our mountain people are wronged. He could almost sell the Democrat a bill of "Dry Goods" if he would use his stories as an inducement.—Breckinridge Democrat.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish dry nose means sickness with a dog. And so with the human lips. Vital Questions

What does the Doctor Prescribe?
What does the Druggist Supply?

Health often balances between these two questions. Life itself may depend on the precise filling of a prescription with drugs of absolute standard strength. Many druggists who fill prescriptions carefully are not careful about the reliability or potency of the remedies used. We are careful about both. We see to it that all our drugs have the precise strength they should have, and they are always compounded with scientific accuracy.

JAPANESE BRIDE'S DUTY.

Here are a few of the Japanese bride's rules of life, taught by her mother:

Never speak evil of your neighbors. Never allow yourself to be jealous. Be humble and polite. Do not consult fortune tellers. Don't talk too much. Until you are fifty never mix in crowds.

Strict obedience to a husband is a wife's noblest virtue.

Be always amiable to your mother-in-law and father-in-law.

Even if your husband is in the wrong never set any, says Home Notes.

A contemporary would like to know who teaches the husband his compendium to duty.

A SWARM OF HOUSEHOLD B'S.

Be careful. Care prevents many dropped stitches and bad breaks. Be careful.

Be prompt. Slackness makes slovenly homes and weary world wanderers. Be prompt.

Be faithful. "Be thou faithful unto death, and I will give thee a crown of life." Be faithful.

Be cheerful. Cheerfulness tends to length of days and to days that are worth the lengthening. Be cheerful.

Be thoughtful. Thoughtfulness is too tender a pliant of blessed fragrance and beauty to be "born unseen," etc. Be thoughtful, says Home Chats.

Be good humored. Good humor is better than medicine, no matter how well the ill natured pill be sugar coated. Be good humored.

Dr. Weaver's Treatment.

Syrup for the blood; Cerate for skin eruptions.

JUNGLE LIFE IN GOTHAM.

New York is developing a Roman fondness for, and familiarity with, wild and tame animals, says the New York Globe. You notice it in the news columns of the daily papers. A six-toed cat, an intelligent dog that barks when he smells escaping gas, a parrot that cries "fire" at the psychological moment, a race horse that dies in his prime, all are good for a column apiece, while the life story of a mere philanthropist or politician is crowded into a two-sick obituary notice. The bulk of menagerie news printed every week here is imposing, and it is growing. The reporter who can write a local "jungle tale" in the correct vernacular is becoming a positive necessity.

By and by perhaps we may have a daily newspaper devoted to doings in the local jungle land.

Dr. Weaver's Syrup and Cerate.

BUY'S RESIDENCE.

Mr. H. A. Grotter has purchased the residence now occupied by Mr. C. F. Strassner, on Capital Avenue, South Side, for \$3,200 cash. This is a beautiful cottage home.

BREEDING DAIRY COWS.

In breeding dairy animals, the cow that can make 500 pounds of butter in a year is seldom interrogated as to whether her tongue is black or white. In the improvement of beef animals, likewise, we should pay more attention to the fundamental beef qualities and perhaps less to the color and other fancy-bred points. We must pay particular attention to the development of those parts which make the steer worth more money when fattened. There is no denying the fact that at the present time in this country the real end to be sought in breeding improved cattle is supplying a better grade of steers for fattening.

POSTMASTER ROBBED.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At all druggists. 50 cents.

THE MAKING OF A HERO.

One generation does not make a man like Togo. And also one generation does not make the fellows who went into the terrible gulf of death in Manchuria and on the eastern seas. The Japanese culture and atmosphere made them thus. I pray that they will remain so, as they are. Already there is a whisper of degeneration and sophistication in Japan of to-day. Togo is the best model of the Satsuma province, whence Marquis Oyama, Admiral Kamimura and others hailed out. There in that province plain living and high thinking; and, above all, devotion to the country and emperor almost reaches a religion.

BUY'S BRANCH FARM.

A. N. and Margaret Hopple have purchased that fine farm, on the Louisville pike, known as the Branch Place. The farm contains 115 acres and is in fine condition. The price paid was \$6,500, which is not considered high.

This farm has been rented to Mr. Sam'l South, who will remove to it at once.

TO REMAIN A DINKY.

It seems, from what we can learn, that, notwithstanding the protests of Manager Salce, our street car system is to remain simply a "dinky" system, with only two cars upon it. This is almost as good as when we had the old mule cars.

Talk about "progress," "boosting Frankfort," "larger Frankfort," etc., not while our street car system remains like this can we hope for much advancement.

.. DEATHS ..

FOGG—At his home, near Duckers, on Friday, Mr. Sam'l A. Fogg aged 65 years, of a complication of diseases.

Mr. Fogg was a genial, whole-souled gentleman, warm-hearted and true. His health had been poor for several years, and the end was not unlooked for. He was a member of Grassy Springs Christian Church. He was a brave and fearless soldier in the Confederate army.

He leaves a wife and five daughters to mourn his death, his only son having died some time since.

The funeral services were conducted by Rev. J. W. McGarvey, from the chapel in our cemetery, on Saturday afternoon, and the remains were laid away in the family lot.

LEWIS—At his home in Richmond, Va., on Tuesday, Mr. Richmond A. Lewis, Jr., aged 48 years.

Mr. Lewis had not been feeling well for some time, but was not thought to be seriously ill. He was moving around in his room just a short while before, and when his nephew went in to see how he felt, he found him lying on his bed dead.

Mr. Lewis was the third son of Dr. R. A. Lewis, formerly of his county, and was a first cousin of the editor and the proprietor of this paper. He was a manly, upright gentleman, tender and true. He was a widower (his wife having died several years ago), and leaves one daughter, Frances, to mourn his untimely end, besides two brothers (Mr. John M. Lewis and Mr. Morton Lewis, both of Richmond, Va.), between whom there was the tenderest affection.

To our sorely afflicted relatives we tender our sincerest sympathy.

HOLLAND—In this city, on Tuesday morning, Mrs. Holland, wife of Mr. David L. Holland, aged 58 years.

Mrs. Holland was a quiet, modest, Christian woman, a devoted wife and mother. She was a member of the First Baptist Church, of this city. She was reared at Saratoga Springs, N. Y., and there met and married her husband, who is now left desolate. Since this couple have been residents of this city they have made many warm friends by their sturdy and independent honesty and integrity of character.

Mrs. Holland's health had not been very good for some time, but nothing serious was apprehended.

Her daughter, Mrs. Mablett, had just the night before reached this city on a visit. The dread summons was sudden and unexpected, and came as she was performing her usual domestic duties. She was stricken with heart failure and passed away before a physician could arrive.

She leaves her lonely husband and two married daughters (Mrs. Mablett and Mrs. Jones) to mourn her untimely end.

The funeral services were conducted by her pastor, Rev. M. B. Adams, D. D., from her home, on Wednesday afternoon, and the remains will be taken back to her old home at Saratoga Springs, N. Y., for interment, so soon as her husband, who is ill, is able to travel. We tender our sincerest sympathy.

HAD THE BAND OUT.

The Young Men's Democratic Club had the Second Regiment Band out serenading the successful candidates before the Democratic primary on Thursday night. The band made some delightful music, but we doubt if it sounded very sweet to the boys that lost out.

MILK COWS IN CHINA.

In the southern provinces of China natives use cows for plowing purposes. Milk was an unknown article when an American missionary, to the astonishment of the village milked one of the beasts of burden and drank the beverage. The discovery was as sensational as that of the roast pig, as narrated by Charles Lamb. Now many men make a living as milk sellers, but the industry is capable of immense development, for the animals are of poor breed, ignorantly attended and not numerous enough to meet the growing wants of the Chinese who, having tasted milk, like it very much.

APPENDICITIS AS A CRAZE.

Dr. Doyen gives his testimony as to the extent to which wrong diagnosis leads to useless operations for appendicitis. In his own experience operations of the kind have been carried out on patients in the early stages of typhoid fever. One child was brought to him for operation, on the faith of a family doctor's diagnosis, and he satisfied himself by examination that the symptoms pointed to nothing worse than worms. So infatuated were the parents, however, that they removed the child and had the operation performed elsewhere.

DEADLY BANANA BUG.

A banana bug of the kind which sometimes poisons banana eaters with a venom more deadly than that of the rattlesnake was found in a bunch of bananas in a South Water Street commission house the other day. The bug is about 2½ inches long, with a pair of stiff, overlapping wings, each about an inch wide. When it clings to an overripe banana skin ends and the bug back begins, on account of the mottled brown color of these wings. Thrown on his back, the bug reveals three pairs of legs and one pair of long feelers.—Chicago Record.

THE PACIFIC COAST.

Timely Hints to Portland Tourists Seeking Reliable Information.

If you contemplate a trip to the Pacific Coast or Puget Sound country during the period of low rates to Portland and California points, you should realize the value of a few suggestions of how best to see most without extra cost, including Band, the Beautiful in the Canadian Rockies; a sea trip from Victoria and Vancouver to the Exposition City; America's virgin play ground, Yellowstone Park; Mount Hood or Mount Shasta; the Mormon capital, Salt Lake City, and its great dead sea; the mines and mountains of Colorado; the sublime Grand Cañon that no brush has ever copied, and to see and reach all by the most comfortable and luxurious means of travel, it would pay you to confer with a Monon Route Agent while in Louisville, for his office is literally stacked with beautiful illustrated literature on the subject, and all information will be cheerfully and intelligently furnished. Long distance telephone talks may help you. Both phones, 1181. Address E. H. Bacon, D. P. A., Monon Route, Louisville, Ky.

CHARACTER AND THE HAIR.

Auburn hair means a kindly, sympathetic nature.

Straight hair indicates more power to govern than curly hair. Curls denote a feeble sense of right and wrong, gaiety, vivacity, self-confidence.

Straight black hair, growing coarse and thick, indicates more order and industry than mental power.

Fine brown hair only accompanies excellent minds; generally the owner has intellectual tendencies.

Red hair is strongly characteristic—no half-way business there. It usually indicates a quick temper though there are exceptions.

Beautiful golden hair is rarely seen on persons of a gross nature. Its owner loves fine arts and possesses exquisite sensibilities.

Hair and eyebrows differing in color are said to mean untrustworthiness. They indicate race mixture, and bespeak a wavering unsteady nature.

As a rule smooth fine, softly waving hair betokens gentleness, quietness, neatness. Unduly sleek, straight hair gives warning, of sliness, hypocrisy.

Dr. Cady's Condition Powders, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food medicine and the best in use to put a horse in prime condition. Price 5 cents per package.

Wheat has been sowed and corn is now being gathered. There is an abundant crop of corn and potatoes in this neighborhood.

Bro. Rogers, of Louisville, preached at Mt. Carmel Saturday night and Sunday. He delivered quite an interesting sermon Sunday morning. A large crowd was present.

There is prayer-meeting every Wednesday night at the Methodist Church.

Mr. Johnnie Greenwell, Minnie and Cleo Greenwell, who have been very sick with malarial fever, are much better.

Mr. Hampton Pulliam and wife, of Louisville, who attended the funeral and burial of his father, Mr. Jennings Pulliam, have returned home.

Mrs. D. Richardson and daughter, Miss Ella, visited relatives at this place week before last.

Mr. Otto Minch and family, who have been visiting relatives in this place, have returned home.

Died—In Ottumville, at his home, Tuesday, October 23, Mr. Jennings Pulliam, of typhoid fever, aged about 60 years. He was an honest and upright gentleman. He will be greatly missed by his family and friends. Besides his wife, he leaves several children to mourn his loss.

The funeral services were conducted by Rev. J. W. Shaw. The burial was in the family burying ground. The sympathy of many friends are extended to the bereft family.

Died—On Tuesday, October 23, of pneumonia, Mrs. Mary Jane Greenwell, wife of Mr. Adzie Greenwell, aged about 36 years. She was a devout member of the Harveland Methodist Church. She leaves a husband, four sons, two daughters, one sister and one brother to mourn her untimely death. On account of several members of the family being confined to their beds with fever, the funeral services were postponed until all the family are able to attend. The remains were deposited in the Harveland burying ground.

The entire community extend to the bereft family their heartfelt sympathy.

LAME EVERY MORNING.

A Bad Back is Always Worse in the Morning—Frankfort People are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

Can't cure a bad back until you cure the kidneys. Doan's Kidney Pills cure sick kidneys—make you feel better, work better, rest better and sleep better.

Permanent cures in Frankfort prove the merit of Doan's. Mrs. Margaret Weitzel, of 318 Moro street, wife of Lucas Weitzel, baker by trade, now retired, says: "For a number of years I suffered from a persistent aching across the kidneys. At times my back was so bad that I could hardly sit still, get up or down, or lift anything even of ordinary weight."

At night it bothered me so that I could not rest comfortably and when I felt arose in the morning I felt tired and worn out. The kidney secretions were irregular, highly colored and distressing, and on standing deposited a heavy sediment. I saw Doan's Kidney Pills advertised, procured a box at J. W. Gayle's drug store and began to use them. In a few days I noticed that the secretions had assumed a natural appearance, the pains and aches left me and I felt as well as ever after completing the treatment. Nothing pleases me more than to speak a word in favor of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ASTIGMATISM STATISTICS.

Out of about 3,000 cases of astigmatism, 32 per cent. were affected with simple hypermetropic astigmatism; 26 per cent. with compound hypermetropic astigmatism; 25 per cent. with simple myopic astigmatism, and 6 per cent. with mixed astigmatism. The meridian of greatest refraction was horizontal in 1,081 cases, vertical in 349, and oblique in 164. It is claimed by Mr. Van de Borg, who made the report, that even in cases where the astigmatic error was of only 1,000 diopter the visual acuity was seldom quite normal after correction, with a very rapid decrease in visual acuity with increase of error. As a rule, the improvement of vision was greatest when the meridian of greatest refraction was horizontal. It appears strange that normal visual acuity could not be obtained in cases wherein the error amounts to only 1,000 diopter, and it seems safe to say that had a careful test been made and properly ground and adjusted lenses been supplied, the visual acuity, in these cases would have been brought up to normal without difficulty.

Those awful pangs of Indigestion and Dyspepsia, attended by Sour Stomach and Headache, are quickly dispelled and will not return if you use Father William's Indian Tea or Herb Tablets.
